

Team Cinch Information for KHSRA/KJHSRA

The Cinch Team is made up of 3 different teams and the high school and junior high school teams are separate teams.

The first is the Rodeo Team. This team is made up of event winners from the year before. If the event winner from the year before was a senior (or 8th grader in Jr. High), it rolls down to the next returning person in the standings for that event. You can only be on the Cinch Rodeo Team in one event.

The second is the Cinch Academic Team. This is not to be confused with the Farm Credit Academic Team. The Cinch Academic Team is made up 1 boy and 1 girl. The criteria for selection are as follows:

1. A boy and a girl (upperclassman) who has the highest cumulative GPA.
2. If there is a tie with the above information, the next consideration will be given to the highest ranking KHSRA/KJHSRA officer. If none of the candidates hold an office within our organization, event directors will be considered and if no event directors or more than one candidate is an event director, it will revert to the highest number of all-around points from the year before.

The third team is the Cinch Elite Team. If a contestant is on the Rodeo Team and the Academic Team, they are automatically on the Cinch Elite Team.

The team captain is the contestant that is on the Cinch Rodeo Team that has the highest amount of all around points from the previous season.
